## Submission to the Victorian Law Reform Commission

## MEDICINAL CANNABIS REFERENCE

| Number | 72           |
|--------|--------------|
| Name   | Mark Eastick |
| Date   | 02 June 2015 |

| fi<br>t<br>F      | I would like to use medical marijuana for my spinal cord injury<br>for muscle spasms and pain. I would like to see laws similar to<br>that in California where people can grow up to 6 plants and<br>have up to 1/2 pound. I have also read that it can help with a<br>range of illnesses MS, epilepsy, cancer and aids to name a few.   |
|-------------------|--|
| t<br>r<br>(       | <ul> <li>Which of the following considerations should determine whether there are exceptional circumstances for medicinal cannabis to be made available to a patient:</li> <li>(a) the circumstances of the patient</li> <li>(b) the state of clinical knowledge about the efficacy or potential efficacy of using cannabis in treating the patient's condition</li> <li>(c) both of the above?</li> </ul> |
| <b>Response</b> c | ;<br>;   |
| t                 | For what conditions is there sufficient knowledge of the therapeutic benefits, dangers, risks and side effects of cannabis to justify allowing sufferers to use it lawfully in Victoria?   |
| Response N        | MS, aids, spinal cord injury SCI, cancer, epilepsy   |
| (                 | <ul> <li>What special considerations, if any, justify access to medicinal cannabis for:</li> <li>(a) patients who are under 18 years of age</li> <li>(b) patients who lack capacity by reason of age or another disability (other than youth) to consent to using medicinal cannabis?</li> </ul>   |
| Response (        | (no response)  |
|                   | <ul> <li>On which of the following should the law creating a medicinal cannabis scheme base a person's eligibility to use medicinal cannabis:</li> <li>(a) a list of medical conditions</li> <li>(b) a list of symptoms</li> <li>(c) a list of symptoms arising from certain medical conditions</li> <li>(d) evidence that all reasonable conventional treatments have been tried and failed?</li> </ul>   |
| <b>Response</b> a | 3  |

| Question 5  | Should there be a way to allow for special cases where a person<br>who is otherwise ineligible may use medicinal cannabis? If so,<br>what should that be?  |
|-------------|--|
| Response    | Known benefits   |
| Question 6  | If Victoria acted through a state agency, in what circumstances would it be legally entitled to establish a medicinal cannabis scheme which manufactured cannabis products without breaching the terms of the <i>Therapeutic Drugs Act 1989</i> (Cth) or the <i>Narcotic Drugs Act 1967</i> (Cth)?   |
| Response    | (no response)  |
| Question 7  | Are the regulatory objectives identified by the Commission appropriate? What changes, if any, would you make to them?  |
| Response    | appropriate  |
| Question 8  | Would the creation of a defence to prosecution for authorised<br>patients and carers in possession of small amounts of dried<br>cannabis or cannabis products be an adequate way of providing<br>for people to be treated with medicinal cannabis in exceptional<br>circumstances?   |
| Response    | yes  |
| Question 9  | What mechanism should Victoria use to regulate the cultivation of medicinal cannabis?  |
| Response    | grow your own  |
| Question 10 | What approach, or approaches, should Victoria take to regulating how medicinal cannabis is processed and distributed?  |
| Response    | vaporising   |
| Question 11 | How should the Victorian medicinal cannabis scheme interact<br>with the national arrangements for the control of therapeutic<br>products under therapeutic goods legislation and narcotic drugs<br>legislation?  |
| Response    | (no response)  |
| Question 12 | What responsibilities should be given to health practitioners in authorising a patient's use of medicinal cannabis?  |
| Response    | Assessment of condition  |
| Question 13 | <ul> <li>Who should have the authority to assess whether a patient is an appropriate candidate to be treated with medicinal cannabis:</li> <li>(a) all registered medical practitioners</li> <li>(b) certain designated specialist medical practitioners</li> <li>(c) registered health practitioners who have prescribing entitlements</li> <li>(d) a subset of these?</li> </ul> |
| Response    | а  |
|             |  |

| Question 14 | What requirements, restrictions, guidance or other assistance<br>should health practitioners be given in monitoring a patient's use<br>of medicinal cannabis?  |
|-------------|--|
| Response    | (no response)  |
| Question 15 | What additional restrictions or requirements, if any, should apply<br>to patients who are vulnerable by reason of age or lack of<br>capacity, so as to provide adequate protection for their welfare?                                    |
| Response    | (no response)  |
| Question 16 | In what form(s) should medicinal cannabis be permitted to be supplied and used?  |
| Response    | (no response)  |
| Question 17 | In what ways could Victoria's medicinal cannabis scheme keep<br>pace with, and contribute to, clinical research into the<br>therapeutic uses of cannabis and other changes in scientific<br>knowledge, medical practices and technology? |
| Response    | (no response)  |
